

Village of Brockport

Dear Village of Brockport Resident,

January 10, 2023

The Village of Brockport has launched Finger Lakes Community Choice, a Community Choice Aggregation (CCA) program¹ that allows us to pool local demand with other municipalities to provide **guaranteed savings through community solar partnerships**. Each participating municipality has selected Joule Community Power² as Program Administrator. Joule works on behalf of the municipalities to provide energy offerings at favorable terms and ensures there are **no contract or exit fees** for consumers.

You are eligible for the Community Choice Solar offering  through the Finger Lakes Community Choice program. Community Choice Solar offers you guaranteed savings while supporting the development of new solar projects in our area. You may choose to participate in the Community Choice Solar offering or opt-out.

*Participating in the Community Choice Solar offering , does not impact your existing energy choices. **Participation does not:***

- *change your utility company*
- *change your chosen electricity supplier (ESCO)*
- *impact bill assistance programs (you keep HEAP benefits)*

Community Choice Solar provides guaranteed savings on your electricity bill whether you choose to get your electricity supply directly from National Grid, from a third-party supplier (an ESCO), or through our CCA program. Adding Community Choice Solar will save you money and will not impact your relationship with National Grid.

Community Choice Solar Offering

Finger Lakes Community Choice has partnered with solar projects to offer a first-of-its-kind community solar offering to Brockport residents. **You are eligible to receive guaranteed savings on your monthly National Grid bill by participating in Community Choice Solar.** Unless you choose to opt-out, you will be automatically enrolled in one of our selected community solar projects.

Each month that you remain enrolled, you will receive a credit (discount) on your National Grid electric bill. There are no contracts to sign, no additional bills to pay, and no credit screens. **Participating in a community solar project simply earns you a monetary credit on your electricity bill; it does not replace your electricity supplier.**

National Grid will continue to be responsible for the power lines that deliver your electricity and will continue to bill you. Please contact National Grid in the event of any service interruption.

Answering Your Questions

The Finger Lakes Community Choice Team has a helpline which you are encouraged to call at **(585) 244-0244** or they can be contacted via email at **info@fingerlakescommunitychoice.com**. We have also included an FAQ in this letter. Look for this symbol  to find questions relevant for your program offering.

Enrollment and your right to opt-out of this program

If you wish to opt-out of the program, please let Finger Lakes Community Choice know by February 9. If they do not hear from you, you will be enrolled automatically in Community Choice Solar, and your account information (including energy usage and utility assistance program participant status) will be shared with your community solar provider. However, you may leave the program at any time without any fee or penalty.

If you choose to remain in the program, you will begin receiving a 10% discount on community solar credits when your assigned project is operational in 2023. You will receive an additional letter in the mail alerting you to the date you should expect to see credits on your National Grid bill and which solar project will provide those credits.

Sincerely,

Margaret B. Blackman
Mayor of Brockport
